Global Chemicals Executive Recruitment

Our Expertise

We specialise in executive recruitment solutions for the global chemical sector and related value chain; resources, minerals, coatings, materials, polymers, plastics, bioscience, renewables. Our consulting team employs only exceptionally experienced professionals from these areas, giving us an unrivalled understanding of clients' needs and the ability to deliver better candidates, faster.

We work closely with a small number of clients at a time to provide the highest quality services delivered on the most cost-effective basis. We excel at filling positions from senior executive to hard-to-find specialists for most roles across the chemicals spectrum and have worked globally for manufacturers, distributors, traders, consultancies, investment banks, and VC/PE companies.
